Franchise Tax Board is an equal opportunity employer to all regardless of race, color, creed, national origin, ancestry, sex, marital status, disability, religious or political affiliation, age, or sexual orientation.

☒ Permanent Full-time   ☐ Permanent Intermittent   ☐ Limited-term (Temporary) Length _____   ☐ Formal Training and Development Assignment

Position Title: C S D S   Programmer Analyst   Classification: Associate Programmer Analyst

Location: Sun Center I I I   Section/Unit: C S B /Development Section
Salary Range: Based On Classification   Number of Vacancies: 1

Job Description: (includes typical duties)

The Collection Systems Development Section (CSDS) provides a variety of services to support the Technology Services Division collection and dependent systems as they relate to Personal Income Tax, Bank & Corporations, Enterprise Wide Bankruptcy and Lien Systems. As a member of the Graphic User Interface Development Team in CSDS, you are responsible for performing the analysis, design, coding and unit testing of incidents and enhancements to the collection systems as it relates to the Taxpayer Information System and the Business Entities Transaction System. You will work on a multidisciplinary team, working with business and test analysts.

Required Knowledge, Skills, and Abilities:

We are looking for motivated and enthusiastic individuals to become part of our team.
·   Strong verbal and written communication skills as well as organizational, analytical and problem solving skills
·   Ability to effectively perform in a fast paced environment where priorities are constantly changing
·   Ability to take initiative, multitask, use tact and good judgment
·   Ability to work both independently and in a team environment
·   Willingness to adjust work schedule to meet operational needs of the team
·   Experience in object-oriented design and development using development environments such as Microsoft Visual Studio .NET, C#, C++, C, Visual Basic, PowerBuilder Powerscript, or similar
·   Familiarity with SQL and/or client-server database front-end development

Desirable Experience/Qualifications:

·   Knowledge and experience with object oriented design and development
·   Knowledge of Microsoft PC applications such as: Word, Excel, Access, MS Project and Visio
·   Knowledge of the PIT ARCS, BE ARCS, EWLS or EWBS applications
·   Knowledge of basic database design principles
·   Design using UML (Unified Modeling Language)
·   Familiarity with web-based application design
·   Experience writing design documents
